## PTE / IELTS Preparation

\*Please note that this course is not available to Student Visa Holders as their main course.

14 hours of classroom instruction each week. This 11 week course prepares students for the PTE (Pearson Test of English) or IELTS (International English Language Testing System) Examination.

IELTS Preparation is a sequential and developmental course designed to improve students' English Language proficiency for the IELTS test. The TIES IELTS Preparation course will prepare students in all components of the exam to ensure success.

..."started school 5 months ago at an overall 6.5, needing a 7.5 and ended up having 8.5 overall!! In only a few months of school I managed to get 7.5 in writing, 8 in speaking and 9 in reading and listening. Seriously couldn't have done it without Kit and his endless patience." - \*Ylenia Coquille Ortega

\*Please see our Facebook page for the full review + others: [www.facebook.com/TIESNQ/](https://www.facebook.com/TIESNQ/)

An important component of the TIES IELTS Preparation course is the use of past IELTS papers in preparation for the examination. Therefore the course aims to help students excel in this particular type of testing with an emphasis on each Macro-Skill and techniques to achieve the best result possible.

As the IELTS test is a test of English language proficiency it is essential that each student's English level is appropriate for the course. Therefore, students must have an IELTS score of 5.0 or above, or be at an Upper-Intermediate English level to study IELTS Preparation at TIES. If a student does not meet those requirements, they will first need to successfully complete the TIES General English Intermediate course (subject to availability).
